Ontario Environment Industry Association

Try out ONEIA membership and join us for Environment Industry Day 2011 ... an offer for new members:

Each year, the Ontario Environment Industry Association (ONEIA) holds Environment Industry Day (EID) at Queen's Park. EID is the Association's signature event and allows ONEIA members to ...

- Meet MPPs and Ministers** to discuss the concerns of our sector
- Hear a luncheon address from the **Deputy Minister** about future directions at the Ministry of Environment
- Participate in **off-the-record roundtables** with senior staff from a variety of different ministries, getting valuable clarification about current and future policy directions

The day then ends with a reception that is open to all companies in the industry, regardless of whether they are ONEIA members – but the valuable parts of the afternoon are available ONLY to members as an exclusive member benefit.

This year, we are responding to considerable interest from nonmembers by offering them a six-month trial membership in ONEIA and bundling it with the opportunity to purchase discounted tickets for EID. This is a one-time offer to allow companies to attend our signature event and try six months of ONEIA membership, after which time we will ask you to renew on an annual basis.
