

The Ontario Environment and Cleantech Business and Policy Forum

Investment. Policy. Growth.

Thursday, May 16, 2013

Ontario Bar Association Conference Centre, 20 Toronto Street, Toronto, ON

SPONSORSHIP PACKAGE

About this event

Each year, the Ontario Environment Industry Association (ONEIA) brings hundreds of businesspeople and policy experts together for its annual Environment Industry Day (EID). This year, we are pleased to build on this foundation and add innovative investment and business content to present the Ontario Environment and Cleantech Business Forum.

This forum will bring together investment and business leaders, executives from Ontario's growing environment and cleantech sector, and senior government policy makers to share information, discuss common challenges and share opportunities for investment and growth.

Who will attend (and why)?

- **Ontario's leading environment and cleantech firms** will attend to share their stories, connect with investors and financial service providers, discuss their challenges with government policy makers and network with each other.
- **Ontario's investment and financial community** will attend to learn about opportunities in one of the fastest growing segments of the Ontario economy, meeting companies with rapidly expanding international and domestic markets with world-leading technologies and services and sharing their experiences.
- **Senior government policymakers** will attend to meet directly with industry, hear firsthand about growth challenges, and receive feedback on emerging policy and regulatory ideas.

Companies expected to attend will include leading environment and cleantech firms, financial services and investment firms, venture capital firms, legal firms, leading management and professional consulting firms, senior government and policy staff, entrepreneurs and others.
