

EnviroChannel

*A cost-effective way to share your news
with those who matter in the environment field*

Do you want to share important news with more than 6,200 organizations and individuals across Ontario and around the country? EnviroChannel, a service from the Ontario Environment Industry Association (ONEIA), lets you reach an incredibly diverse mix of:

- Environmental service suppliers
- Purchasers of environmental supplies and services
- Government departments and policymakers
- Environmental opinion leaders
- Media contacts

Do you have a new product or service offering that will benefit environmental firms? Are you hosting an event that those in the environment community should know about? ONEIA's EnviroChannel is an incredibly cost-effective way to share your message with those who matter in the environment field

A permission-based list ... at your service

EnviroChannel is a permission-based e-mail list, administered by ONEIA, of more than 6,200 unique contacts. We do not sell or rent this list but we can send a communication to members of this list on your behalf.

Reasonable rates, twice-monthly delivery

We can send up to 400 words of text with a customized subject line to all or part of our list for rates as low as \$400 plus GST. At rates as low as \$0.06 per person, that's an incredibly cost-effective way to target the environmental audience you need to reach.

STATUS	COST
ONEIA member company	\$400+GST
Non-member company	\$675+GST

EnviroChannel releases are sent twice a month, on alternate Monday mornings. And if you'd like to reach a more specific audience, we can narrow down our list for you for a small additional fee – just contact us for details!

Access EnviroChannel now
